& Grocery Store Robbed and Then Fired-Naval Personals-Resigned-Sunday Work, &c.

Correspondence of the Richmond Dispatch.
Nouvelle, Va., January 28, 1889.
Some time during last night thieves broke into and robbed the liquor and grocery store of E. B. Lookins, corner of Race and Green streets. Portsmouth, and then turned the contents of an on-can on the floor and set fire to the place. The fire was quickly discovered by the people of the neighborhood and extinguished. The loss is estimated at 8500, which is covered by insurance. Thiering and plumdering seem practically active this winter in all directions in this section, and two cases of robbing and firing have occurred in Portsmouth within a week.

The Norfolk and Portsmouth lodges of metolent Protective Order Elks held their fodges of sorrow yesterday afternoon publicly and large throngs witnessed the impusing solemnities. espondence of the Richmond Dispatch.

Poring solemnities.

Foreign undirects are again coming this way in force on route West.

day and the change is very sharp.

Charles Eason, a prominent colored politician of the county, is on trial in the County of the Count Court to-day for stealing cablage.

Another strong effort is on foot to suppress Sunday work along the wharves and

LTH. CONGRESS-SECOND SESSION. WASHINGTON, January 28, 1889.

Senate. The credentials of Mr. Butler for a new sensional term were presented by Mr. Hampton, read, and placed on file. Senste bill to change the date for the commeacement of the March term (from the first to the second Monday) of the United States Court for the northern district of Georgia

was reported and passed.

Mr. Sherman moved to reconsider the vote
by which House bill to transfer certain counties from the southern to the northern judicial district of Georgia was recently passed, and said that he made the motion in conse-quence of certain telegrams which he had received from Georgia, and which he desired looked into.

Messrs. Wilson of Iowa and Brown said that objections were made to the House bill, and not to the bill as amended and passed by

the Senste.

The motion to reconsider was entered.

The army-nurses pension bill was taken up, amended, and passed.

It provides for a uniform pension of \$25 a month to all women nurses during the late

month to all women horses during the last war prior to August, 1865, who come within the provisions of the bill.

The diplomatic and consular appropriation bill was taken up. Among the amendments adopted were those appropriating \$15,000 for the benefit of the Japanese families who suffered from target practice of Commodore Schufelt's ship Omaha, and providing for a second-control of the control of the contro ousui-general at Sapia, Samoa, at a salary

Mr. Gibson moved to insert the word "ambassadors" instead of the words "envoys extraordinary and ministers plentpo-testiary," as applied to France, Germany, Grest Britsin, and Russia.

Great Britain, and Russia.

A long debate followed, in which Messrs.

Plumb and Reagan were the chief opponents
of Mr. Gibson's amendment. Mr. Plumb's
proposition would be, he said, to strike out
the entire paragraph, and in this he was supported by Messrs. Reagan, Blair, and Stewart.

Mr. Gibson's amendment was advocated s. Hale, Hawley, Sherman, Evarts. Mr. Morgan said that he found no difficulty in putting the word "ambassador" on the statute-book and voting whatever appropria-

tion was necessary to give to that rank a be-coming reward. There was no occasion for an American (because he was a Democrat) putting on licentious airs and "cutting up." The United States was entitled to be repre-sented abread in the most dignified and

thorough manner.

Mr. Call also sustained the amendment.

Without coming to a vote on Mr. Gibson's amendment the Senate, at 5 o'clock, adjourned.

On motion of Mr. Ermentrout of Pennsylvania, the Senate concurrent resolution was agreed to providing for a joint meeting of the two houses of Congress on Wednesday, the 13th of February, for the purpose of counting the electoral vote.

The Committee on the District of Columbia, through its chairman (Mr. Hemphili, of South Carolina), made a struggle to secure the floor, which the rules of the House accord to it on the second and fourth Monday of each month, but the Committee on Appropriations, under the leadership of Mr. Randall, of Pennsylvania, proved toe formidable an aftagonist, and the House declined to consider the District business.

Bill after bill was called up by Mr. Hemphill, only to be side-tracked by questions of consideration raised by Mr. Randall.

Mr. Hemphill then attempted to have a day set apart for the consideration of the District business, declining to accept a night session, and remarking sarcastically that the trouble about the District business was that every member knows all about it, and that the question of no quorum would certainly be raised.

question of no quorum would certainly to

raised.

Mr. Blount, of Georgia, objected to the assignment of a day, and when Mr. Hemphill moderated his demands and asked for a night session, Mr. Biount, of Georgia, again objected, unless Mr. Hemphill would promise not to call up the Rock-Creek Park bill—a promise which Mr. Hemphill declined to eye.

No agreement was arrived at, and the

No agreement was arrived at, and the House went into Committee of the Whole (Wr. Dockery, of Missouri, in the chair) on the sundry civil appropriation bill.

The pending amendment appropriating \$250,000 for investigating the best method of irrigating the and region was agreed to.

A long discussion of local interest only arose over the clause in the paragraph making an appropriation for the support of the Columbia Institution for the Deaf and Dumb, in Washington, providing that no more than \$25,000 shall be expended in the payment of salaries.

more than \$25,000 shall be expended in the payment of salaries.

A lively colloquy took place between Messrs. Hemphil and McMillin as to the knowledge which each enjoyed of the administration of the institution. Finally, to the merriment of the House, Mr. McMillin remarked sarcastically that there were some men in the world who thought they knew a vast deal, and Mr. Hemphill retorted by pointing his finger at Mr. McMillin and exclaiming: "And I am pointing out one of them!"

On a point of order raised by Mr. Kilgore, of Texas, the chave providing for a congressional committee to institute inquiry into the condition of Alaska was ruled out of

Mr. McComas, of Maryland, offered an amendment appropriating \$50,000 for the education of children of school age in Alaska, without reference to race. Alaska.

Several amendments were adopted involving small amounts, and pending action on the bill the House at 5 o'clock adjourned.
